Who is ISKID?

The air conditioning and refrigeration industry, which has emerged in the 1950s in Türkiye, developed very quickly. İSKİD was established in 1992 with the contributions of prominent companies in the sector, to conduct work towards achieving sustainable and regulated HVAC&R Industry development in compliance with the world.

Over 100 member companies are gathering under İSKİD's roof to conduct activities for the development of the industry and to produce with high-quality standards.

The objective of İSKİD:

To ensure cooperation between the members that are manufacturers and/or importers of climatization, refrigeration and air conditioning devices in Türkiye and work on finding solutions for their problems,

To protect the rights of air conditioning consumers and companies on a national and international level;

To conduct activities that will ensure companies to protect the environment while providing solutions for the country's HVAC&R needs and contribute to the country economy by supporting energy efficient product solutions.

Mission:

To realize strategic plans for the development of the Air Conditioning Industry and the actions that will carry out these strategies in cooperation with the sector and the other stakeholders.

Vision:

To raise the Air Conditioning Industry to a reputable and leading position both in our country and abroad through its work increasing public life quality, to be sensitive to the environment, innovative, reliable and competitive.

Goals:

- To develop the sector's research-development infrastructure and university-industry cooperation,
- To encourage the training of a qualified workforce for the sector,
- To encourage the use of renewable energy resources, high-end products, innovative technologies and applications,
- To increase activity in the national and international media,
- To track and update regulations and standards, create specifications when needed, perform market monitoring more effective and prevent unfair competition to maintain a more trustworthy sector image,
- To promote and support industry-Government relations,
- To introduce high-quality Turkish product image to the international market and increase our reputation.
- To increase cooperation with international organizations.

Member of

Wer ist ISKID?

Im Jahr 1950 fand das Leben im Klima- und Kältesektor in der Türkei statt und hat sich rasch entwickelt. İSKİD wurde 1992 mit dem Beitrag führender Unternehmen und Einzelpersonen des Klima- und Kühlungssektors gegründet, um diese Entwicklung gesünder und schneller zu gestalten.

Heute bestehend İSKİD aus den wichtigsten Herstellern und Importunternehmen mit einer Zahl von mehr als 100 Mitglieder und repräsentieren 90% des Marktes in der Türkei. Dies ist eine effektive Organisation das durch die Kraft der Entwicklung des Klimasektors, die Führung im internationalen Wettbewerb und Aktivitäten im Namen der Türkei im Bereich Klimatisierung Sektor sich zu platzieren.

Zweck von İSKİD:

Durch Kooperation zwischen den Mitgliedern Lösungen für Probleme der Mitglieder zu erschaffen,

Klimaanlagen Rechte von Produzenten und Verbrauchern auf nationaler und internationaler Ebene zu schützen;

Um sensibel auf die Umwelt während der Heizungs-, Kühlungs- und Lüftungsbedürfnisse des Landes zu reagieren und Aktivitäten durchzuführen, die zur Volkswirtschaft beitragen.

Mission:

Um die strategischen Pläne für die Entwicklung des Sektors umzusetzen, die Maßnahmen, die diese Pläne in einer effektiven Zusammenarbeit mit den Mitgliedern und anderen Interessengruppen des Sektors zu verwirklichen.

Vision:

Den Klimatisierungs-Sektor mit seinen innovativen, zuverlässigen und

wettbewerbsfähigen Eigenschaften, die die Umwelt in seinen Arbeiten schützen und die Lebensqualität der Gesellschaft erhöhen, zu einer respektablen und führenden Position im In- und Ausland zu bringen.

Ziele:

- Entwicklung der Forschungs- und Entwicklungsinfrastruktur des Sektors und der Zusammenarbeit zwischen Hochschule und Industrie,
- Förderung der Ausbildung qualifizierter Arbeitskräfte für den Sektor,
- Förderung der Nutzung erneuerbarer Energiequellen, hocheffizienter Produkte und innovativer Technologien,
- Effizienzsteigerung in nationalen und internationalen Medien,
- Schutz des Images des verlässlichen Sektors durch Befolgung der Vorschriften und Normen, Aktualisierung, Festlegung von Spezifikationen und Aktivierung der Marktüberwachung sowie Verhinderung unlauteren Wettbewerbs.
- Beziehungen zwischen der Industrie und dem Staat zu stärken,
- Die Qualität des türkischen Images auf den internationalen Märkten zu fördern und seinen Ruf zu steigern;
- Das Hauptaugenmerk lag auf Themen wie der Verstärkung der Zusammenarbeit mit internationalen Institutionen.

Mitglied von

¿ Quién es İSKİD?

El sector de aire acondicionado y refrigeración, que empezó a animarse por los años 1950, ha mostrado un desarrollo rápido en Turquía. İSKİD se fundó en 1992 con la participación de las empresas principales del sector de aire acondicionado y refrigeración y de algunos individuos para dirigir proyectos con el objetivo de hacer seguro ese desarrollo con más rapidez.

İSKİD representa 90% del Mercado de la Climatización de Turquía con más de 100 afiliados.

Hoy en día, İSKİD dirige actividades de parte del sector para que desarrolle el sector de climatización a través de la unión de los fabricantes de los aparatos de Climatización, Refrigeración y Aire Acondicionado y de los representantes autorizados de Turquía de fabricantes internacionales y para adelantarlos a la competencia internacional.

El objetivo de İSKİD es realizar trabajos para solucionar problemas de los afiliados asegurando la colaboración entre los afiliados que son los fabricantes y/o los importadores de los aparatos de climatización, refrigeración y aire acondicionado en Turquía; defender los derechos de las empresas y del consumidor de aires acondicionados en el nivel nacional y universal; realizar actividades que contribuyen a la economía nacional y que preocupa por el medio ambiente mientras satisfacer la necesidad de aires acondicionados del calentamiento y del enfriamiento del estado.

Visión:

A través de sus trabajos que mejoran la calidad de vida, llevar nuestro sector a una posición prestigiosa y innovadora en el interior y el extranjero gracias a su característica competitiva, fiable, innovadora y cuidada con el medio ambiente.

Misión:

Implementar los programas estratégicos sobre el desarrollo del sector y las acciones para realizar esas programas junto con sus afiliados y con otros accionistas del sector a través de una colaboración eficaz.

Objetivos:

- El progreso de la infraestructura entre investigación y desarrollo del sector y la mejora de colaboración entre universidad y industria,
- La incitación de educar una fuerza laboral cualificada y apropiada al sector,
- La incitación de utilización de fuentes renovables de energía, de productos con alto rendimiento y de tecnologías y prácticas innovadoras,
- El aumento de actividad de los medios de la comunicación,
- El seguimiento, la actualización y la formación de documento en caso de necesidad del reglamento y del estándar, La protección de imagen fiable del sector evitando la competencia injusta a través de activación de vigilancia del mercado,
- El fortalecimiento de relaciones entre Industria y Estado,
- La presentación de la imagen del producto Turco de Alta Calidad en el mercado internacional y el aumento del prestigio suyo,
- La ampliación de colaboración con las organizaciones internacionales que son los temas identificados como el base fundamental.

Miembro de

ما هي İSKİD ؟

الأهداف :

- تتبنى أهدافنا موضوعات تحسين البنية التحتية للبحث والتطوير والتعاون بين الجامعات والصناعة في هذا القطاع
- تشجيع تأهيل القوى العاملة المؤهلة بشكل يناسب لهذا القطاع
- تشجيع استخدام مصادر الطاقة المتجددة والمنتجات عالية الكفاءة والتقنيات والتطبيقات المبتكرة
- زيادة الفعالية في وسائل الإعلام المحلية والدولية
- متابعة وتحديث اللوائح والمعايير وتحديد المواصفات عند الضرورة
- الحفاظ على صورة القطاع كقطاع موثوق به عن طريق منع المنافسة غير العادلة من خلال تفعيل مراقبة الأسواق
- تعزيز العلاقات بين قطاع الصناعة والدولة
- تعزيز صورة البضائع التركية عالية الجودة في الأسواق الدولية وتحسين سمعتها
- زيادة التعاون مع المؤسسات الدولية

لقد حقق قطاع منتجات التكييف والتبريد نمواً وتطوراً كبيرة في تركيا منذ فترة 1950. ويهدف إجراء أعمال تجعل هذا النمو سريعاً وصحياً، تم تأسيس İSKİD جمعية مصنعي منتجات التكييف والتبريد عام 1922 بمساهمات أشخاص وشركات رائدة في هذا القطاع

وبعد أعضاء يزيد عن المئة، تمثل İSKİD نسبة 90% سوق منتجات التكييف في تركيا

وفي الوقت الحالي، تقوم İSKİD بإجراء فاعليات وأنشطة لتطوير قطاع منتجات التكييف في تركيا ورفعها إلى مستوى المنافسة العالمية بالتعاون مع مصنعي منتجات التكييف والتبريد ومثلي الشركات العالمية في تركيا

تهدف İSKİD إلى تحقيق تعاون أعضائها من مصنعي ومصدري أجهزة التكييف والتبريد في تركيا، وإجراء دراسات لإيجاد حلول لمشاكل الأعضاء، والحفاظ على حقوق المستهلك والشركات في قطاع التكييفات، والمساهمة في نمو اقتصاد البلاد ورفع مستوى الوعي البيئي أثناء تلبية الاحتياجات المتعلقة بمنتجات التدفئة والتبريد في تركيا

رؤيتنا :

نقل قطاعنا إلى مكانة محترمة ورائدة في الأسواق المحلية والدولية بمواصفات ابتكارية وموثوقة وتنافسية، تحترم البيئة في أعمالها التي تزيد من الجودة المعيشية في المجتمع

هدفنا :

تنفيذ خطط إستراتيجية لتطوير القطاع، والإجراءات التي تساعد على تحقيق هذه الخطط بالتعاون الفعال مع أعضاء الجمعية وأصحاب المصلحة الآخرين في القطاع

عضو في

Кто такой ISKID?

Турецкий сектор производства кондиционеров и холодильного оборудования был основан в 1950-х гг. и продемонстрировал стремительное развитие.

Ассоциация ISKID была основана в 1992 году при поддержке ведущих фирм и индивидуальных предпринимателей сектора производства кондиционеров и холодильного оборудования с целью ускорения этого развития.

ISKID объединяет более 100 компаний-членов для проведения мероприятий по развитию отрасли и производства с использованием высококачественных стандартов.

Целями ISKID являются:

Обеспечить сотрудничество среди членов ассоциации, которые являются производителями и/или импортерами оборудования для кондиционирования воздуха и рефрижерации в Турции, и совместно работать над поиском решений текущих проблем,

Защищать права потребителей турецкого оборудования для кондиционирования воздуха и рефрижерации, а также компаний, как на национальном, так и международном уровнях,

Принимать меры по удовлетворению потребностей в сфере кондиционирования воздуха и рефрижерации, учитывая состояние окружающей среды и национальной экономики.

Миссия:

Разработка стратегических планов для развития сектора, а также проведение действий, направленных на реализацию стратегии в сотрудничестве с сектором и другими заинтересованными сторонами сектора.

Видение:

Упрочить лидирующие позиции сектора в Турции и за рубежом путем повышения публичности, надежности, конкурентоспособности и внедрения инноваций.

Цели:

- Развить инфраструктуру в области научных исследований сектора и наладить сотрудничество между промышленностью и университетами
- Поощрять подготовку квалифицированной рабочей силы для сектора,
- Стимулировать использование возобновляемых источников энергии, продуктов с высоким выходом, инновационных технологий и приложений,
- Повысить активность в национальных и международных средствах массовой информации,
- Отслеживать и обновлять правила и стандарты, составлять спецификации при необходимости, мониторить рынок более эффективно и предотвращать недобросовестную конкуренцию для поддержания заслуживающего доверия имиджа сектора,
- Усилить взаимоотношения между отраслью и государством,
- Представить образ турецкого продукта высокого качества на международном рынке и повысить репутацию,
- Расширить сотрудничество с международными организациями
